Key Elements

- Power:20KW-200KW
- ✓ Model:H08GP-M-20K/HJ10GP-M-40K/ HJ20GP-M-80K/HJ20HQ-M-100K/ HJ40GP-M-160K/HJ40HQ-M-200K
- Foldable Photovoltaic Power Generation Cabin is a containerised solar power solution. Combining the features of solar power generation and mobility, it provides electricity all over the world.

Mobility

Mobility solar solution combines the features of solar power generation and mobility, making it easier to deploy small-scale new energy power plants.

Energy Saving and Environmentally Friendly

Using solar power as the main energy source reduces the need for traditional fuels and lowers carbon emissions.

The system can be easily expanded and connected to other containers to meet different sizes of power needs.

Easy to deploy

Customised containers with galvanised steel frames, TOPCon N cells and other components are already installed in the containers and are ready to be deployed upon arrival.

Foldable Photovoltaic Power Generation Cabin **Technical Specification**

Model	Photovoltaic Capacity	Energy Storage Capacity	PV Module Specification	Scenario	Specification Size
H08GP-M-20K	20KW	/	200W		8ft Container
HJ10GP-M-40K	40KW	/	480W		10ft Container
HJ20GP-M-80K	80KW	/	480W	Mains	20ft Container
HJ20HQ-M-100K	100KW	/	610W		20ft Container
HJ40GP-M-160K	160KW	/	480W		40ft Container
HJ40HQ-M-200K	200KW	/	610W		40ft Container
